Subject: FW: LSJ RO Plant - Site Visit and Service Contract Proposal
Date: Sat, 26 Sep 2015 16:12:17 +0000

Based on your inquiry I assume site visit with Anna and Danny never happened..
I have have not spoken to Bob as it was left with Leighton and Anna that they would walk thru and review their initial proposal (which we initially thought was overkill and too expensive) and attempt to streamline to something manageable and more economical
In addition we did not want to part ways with TSG until we received remote computer access – Last I heard Danny was working on this..
I will follow up with him

Friday is fine
Let me know about what time and I will meet your driver at our warehouse

Greetings Bob,

The wire for the 1 drum of Sulfuric acid and 40 bags of Calcium carbonate was sent today.

We would like to pick up the items on Friday morning, 9/4. Please let us know if this is okay.

As far as the site visit and conference call, we are awaiting direction.

Kind regards, Daphne

We had scheduled a site visit this morning with Leighton Allenby to discuss the above but found out last evening he is no longer employed at LSJ.

Please let us know a good time for a conference call this week to discuss how we can re-engage on this issue.

Best Regards,

Bob Petersen – General Manager
