we believe she is a threat. our understanding is that she felt threatened and intimidated by your friend. she was advised to go to the authorities and file a complaint. she said he threatened her and her son. he only wanted to talk about my son.. we must respectfully disengage from any further involvement in this matter. though you are and will always be considered family, your friends are not. i suggest you remind him that it is ok to follow the beat of your own drum, but careful where it leads. all the best
