Hi Dr. Krauss,

In terms of my investigation, the information below is what I am planning to cover during our in-person meeting. During our in-person meeting I will share with you the context of this information, have some questions for you, and of course will provide you with an opportunity to respond or provide any new information. If after our in-person meeting you have additional questions, or would like to provide other information, you are welcome to do so.

I will keep you informed of the status of the investigation and as I near the conclusion you will have a final opportunity to respond.

Thanks!  
Carla

Thanks for this. I should perhaps have been clearer about my original question though. In order to better be prepared for our meeting I would like to know if you will be providing me with the additional information in advance of our meeting. Also, will that be the only occasion to respond to the information, and/or present other new information or request further information? If not, what kind of timeframe should I expect? Thanks again. I do appreciate your getting back to me.

Lawrence

Hi Dr. Krauss,

I wanted to make sure I addressed the other portion of your question below. During our meeting I plan to discuss new information that my office has received related to the allegation of non-consensual physical contact at the 2016 Australian Skeptics Convention. The new information includes a conversation I have had with a witness, this person was named in the BuzzFeed article, and a conversation with the anonymous female who experienced the non-consensual physical contact.

I look forward to meeting with you again to discuss this further.

Thanks!  
Carla

Thank you Dr. Krauss, I appreciate the updates as schedules and plans start to form or change.

I know that you are also working with Erin Ellison as she oversees a separate investigation from our office. If agreeable to you, we would like to schedule a 3 hour block of time on a day that you are in the Phoenix area. She and I will meet you with separately, but during that same timeframe. Monday, April 9<sup>th</sup> works for both Erin and I, if this ends up being a date that you are also available.

I look forward to your feedback or confirmation of a day and time that works well for you.

All the best,  
Carla

On Mar 27, 2018, at 9:22 AM, Lawrence Krauss <[REDACTED]> wrote:

Hi Carla:

As you probably know, I am limited in my visits to the University at present. What you may not know is that I live in Oregon with my family and commute in to Phoenix to work at the University.

Because of the current situation this travel is also limited. We could have a Skype meeting at your convenience sometime in the next week or so. Otherwise, the next time I will be in Phoenix will be April 10-12, (one of these days I will be down in Tucson to work with a collaborator on a book).

Can you also let me know if you will be presenting me new information at the meeting and I can respond to it at a future meeting or not? If that is the case, perhaps you could provide me the information in advance.

Thanks very much. I look forward to hearing from you.
