Leon , I suggest you bring melanie into the loop , I dont text and you will miss a lot without email. there will be many steps to consider. talk at 4 . ie email below

jeffrey ,

We can't bring a private case against her in ny, only in london. And even in london, it's very tricky. Our london lawyer says she likely will lose a criminal trial for blackmail, though it's certainly not my (or your) preferred outcome.

brad

dear brad ,

can you have lorin or someone actually determine the likihood of bringing a real case against her in either london or new york.. so far i have not seen anything concrete. leon thinks a case is viable in london, too much riding on that fact for it to be non feasible though technically possible
