Greetings Sir,

This week, I would ask that Anna and I start on the phone with Bebe and [REDACTED] with a punch list and photos. We can come up with suggestions for re-organization for your review, and then plan the site visit.

Respectfully, Daphne

I think that if we don't get this right by the next time you arrive that you should fire me or I should quit

Greetings Sir,

I appreciate your offer to bring down Bebe and [REDACTED].

I know that we must do things differently so that we can get the results you want, and think feedback from [REDACTED] and Bebe will be helpful.

I will discuss with Anna.

Respectfully, Daphne

anna ,daphne, , I must tell both of you , i am quite disappointed with quality of the work that I asked you both to do. You both have my full confidence , however if was grading the report card of each of you these past two weeks i couldn't get higher than a c- , d+. I spent a great deal of my own time walking the island with you both, asking that PLEASE dont let me return and find the same things over and over not done. Daphne I told you in no uncertain terms that photos needed to be taken of the tasks that i had requested and that were being worked on. so that i would not have to spend my days reasking re doing the same things again and again, My instructions went largely unheeded. bougenvilla on road, , awful , no photos. speaker wires . not done, speakers over the cliff???? the GRASS that i specifilcly asked that it be taken care of by flagpole and asked to please no hair plugs I WANT TO SEE THIS HAPPEN, you both assured me it would however ,it did not. and of course no photos . Photos of new beach , taken from only a distance , as someone cant be bothered to go on the beach, . its still quite a mess behind the gym, danny did not do the lights as i had asked, (only yesterday telling me it was the wrong bulbs). my room is a disasater even aafter LEighton went wild that no protection was being used, . nothing happened, it is filthy and permanantly damaged. pokey and tj have abused their right to work, . sending me photos that i can see the day i arrive by heli was silly, . what good does that do? . , the cars that i asked to be cleaned were not, and no photos were taken, the idea that name plates had to come before they were cleaned is strange. . i do not know where the tire order is , and this is months old. . no palm trees. ? trackhoe cleaning seaweed? . no photos of karyna office.? ? no photos of library roof? no photos of office completion. this makes no sense to me whatsoever. sorry, I know you can both do better. if you

need more help lets get it, if you would like lesly or bebe to coordinate. I will bring them down to meet and put in an organization that functions. .
