Couldn't take many pictures at the party; there was a photographer and we will get the photo-report. One girl I liked - [REDACTED], very nice. The only cute one. Almost got in trouble when [REDACTED] said that I was the most beautiful girl at the party.

Made some European friends, [REDACTED], not cute, but very connected. The party wasn't that great, the birthday girl was turning 18 and most of her friends were VERY young.

All the best, [REDACTED]
