---

Jeffrey, this is the text message I received from Ed Saltzman Buyer's pilot/manager

Hello Larry,

As you know, we have been looking for a G-4 for the last couple of months.

My principal has been patient during our search, but would like to move forward in the next week.

If you think Mr. Epstein would be interested in selling the aircraft with the complete 72 month inspections completed by Gulfstream and a brief prebuy at same facility, I would like to recommend that Tim make a real offer of 2.5. Obviously, if in the inspections we do there are any discrepancies that would be taken care of at your expense.

Best Regards,

Ed Saltzman
