Helicopter Permagard application was completed today, it darken the Black 2 shades in depth, looks amazing, great product, also received a \$500 discount, total was \$4500 for Permagard.

Main rotor system is still going together on the B430,, slower than expected, we have Bell's best mechanic assembling, Andy Phillips, I didn't want to push him harder than I already have.

My best guess is Blade tracking Late Tues, realistically Wed all day.,
Since Thursday your planning to fly to LSJ,, I could fly the G550 on Thursday with Dave, airline back to PBI, then start to bring the Heli to St Thomas, so it's in position for your departure Sunday July 8th ish?

I would send Chip home tomorrow/ Saturday,

Pete is planning to be in Palm Bch Sunday evening, he is planning to install the Faucet in PBI Monday and Tuesday, also Pete is changing a fill valve /check valve for the Vacumn flush Lav in G560, that is not sealing correctly, Pete ordered the valve and it's being Fedex to PBI,

***he is still going to fly heli to St Thomas when it's completed next week.,

Do you approve the above schedule?

Thx,
Larry
