Hello Janusz,

Please have the pesticide company spray for white fly. Also there is a systemic application they should be using as well that is applied liquid or granular. They should be coming more often if it is a problem as we discussed. Have them call me to discuss with you on the phone today after 5pm or tomorrow in the morning. Please see Mr. Epstein's note below. If they cannot get this under control I have used Tomasello Pest Control.

Tip: twice a week walk around and shake branches to see if they are active - if so call spray company - Thank you!

Thanks,
Leighton
