airplane steps. I will hold your hand all along the way. 1 determine your flight patterns and mission though ,very likely to change after you own one and decide to travel more often. - continental US . gulfstream 5, 550. or global express. 2. layout to match your personal needs. bed , desk, ? 3 budget.- fuel is same for all. price 12-25m. . 4 .with planes , hours already flown are most important , not year made. cycles tell you how many times cabin has been pressurized. and landing gear used. 5. go and see planes , to see layout , fabrics, etc. , (unlikely to find your taste). 6 buy plane, , find pilots, recover couches and chairs. upgrade to high speed wifi, and connectivity . 7 pilots should be local to you and married. . 8 maybe a mgmt co at san jose. if pilots cannot handle. 9 . pilots ,, non military. (cowboys,). 10 . set up accounting operations etc. (depreciation, etc). 11 IF done well 6 months from beging to end . (fabric work takes time). . 12 you should be able to have saida call and say reid wants to leave for x at y oclock. thats it. no other interactions ever, . pilots will know your food, car at other end, and you can get on , take off your clothes. go to sleep in your own bed with your own sheets and pillows. wake up have your snack , and ready.
