i will have bella ask valdson to bring in a 3rd vendor as well

bella mentioned after speaking with valdson that you also would like another unit in master bedroom in addition to what we currently have

is it also true that taking out old unit will cause a lot of additional touch up construction throughout apt?

please advise

thank you

From conversation with Valdson this morning:

1. Pasquer checked the air conditioning system and will come back with a repair and full replacement quote for the existing system in about 2-3 weeks. Pasquer is the company that installed the original system in the apartment. They worked with Pinto. According to Valdson, Pasquer does not recommend to replace the air conditioning equipment as it require almost rebuild the apartment and they claim that the equipment is good.

2. Ballas - will visit apartment for evaluation tomorrow and after, in about 2-3 weeks, will provide quote to replace the existing system in the master bedroom.

Valdson will keep us posted.

Thank you,  
Bella

Ok, thank you. Please ask Valdson to request a quote from Ballas and other companies, maybe Pasquer can recommend a better system.

The 2 firms are decoration and painting. I don't know if Valdson has obtained yet any quote.

Please note however that it's presently a long holiday week-end due to the French national day tomorrow.

Best regards.

Auberlet and Hadacek have nothing to do with the installation of air-conditioning systems.
