---

Czm was very late in approving the permits for p dock repair. These permits were filed by Hoffman not IGY as the owner if that dock. Because of the delay, We are waiting until after hurricane season for repairs of p dock. Recall that the repairs to that dock were going to guide us on the other docks. Also we applied for a federal infrastructure grant at ayh and we hear on the award in September. We are also in conversation with bppr on an extension. Sorry - it's island time there and it's very hard when the government is involved in any capacity.

Our partner in AYH is all up in arms about the fact that we told him that there was a renovation plan for this asset, but that nothing is happening and it is "falling apart." what's the story?
