Importance: normal

I still have to find the way for that.. it's not easy... I wish I had a profession that makes it much easier to earn money.. unfortunately my profession is not like that unless you are someone like Joshua Bell or Anne-Sophie Mutter....you are right, I have to think about real life and I understand it completely when you say you are concerned about my future.. I can assure you that I can't stop thinking about it as well! I have my head filled with million thoughts and I'm just going crazy!! I can hardly fall asleep at night, trying to come up with an idea of how to be successful in what I'm doing..

but at least I really love what I do and playing music makes me happy.. music is all I have in my life, the only thing I really know doing well is playing violin...

I know life won't be easy and it might take quite a while for me to find the way to the success but I cannot give up, I MUST keep on trying hard..
