Subject: 430 Invoice

Good Morning Larry,

Attached is the invoice for the Bell 430. As in past we will need this funded prior to departure...

Please note we worked overtime on a few items, but, did not charge you for the overtime. We were able to save an additional \$10K by applying for the extension on the hangar bearings (something most do not know about outside Bell at this time), and worked collectively with Bell engineering to save having to replace the front fork saving an additional \$8K. Total savings to you are around \$22K...

I have attached wire transfer instructions as well.

Kind regards,

David Burch | Edwards Rotorcraft
