1-Interior shop informs, there is a Plastic STOP located on seat swivel frame,.

He could not show exactly its location, since the seat base has to be taken apart. He can't remove the STOP since the seat base is located by an emergency Exit window,. I feel confident Pete or Eric could remove this STOP from Seat base this week in NY,

2-almost done with ALL Tray table lid adjustments

3-Pocket Door adjustment is working well,.

4-VIP lid and Rear LID to house the phones will be worked tomorrow

5-still working latches, and Galley door adjustments

6-we gwill cover Red /Green slider

7-installed shim on Main entrance door handle

If all goes well, we are planning a test flight at 3PM if you approve?

Thx

Larry
