Jeffrey -

Thank you for meeting with me again to further discuss the position at Elysium Management. With my unique and diverse experience, I would set up controls and organize the current family office which you refer to as a 'dirty garage'. Having supervised a staff of eleven employees while overseeing the private financial matters for Ronald and Howard in addition to managing corporate treasury operations; my background would be well utilized in this environment. My greatest strengths are flexibility, resourcefulness, and ability to multi-task and complete challenging transactions in a confidential, accurate and timely manner. In unique environments, I have always been a trusted employee with a hands-on willingness to do whatever is necessary to get the job done.

I very much hope to have the opportunity to work with you in the future,

Gerry
