Jeffrey

i am sending you this via gmail so that it escapes Rutgers' notice—a week from now when i sign the agreement i am about to describe i will sign a nondisclosure agreement as well as a non-defamation one—can not tell anyone the details of the buyout nor make any negative statements about Rutgers—fine, i am sick of talking about them as it is

again, your help a year ago was critical to research and survival then

this next spring i plan to rent a modest apartment in Ft Lauderdale to be near [REDACTED] i will of course be free to visit you in Palm Beach if that is to your liking

i attach a joke [REDACTED] sent

i will write you shortly about progress we are making on the running project—it turns out the Club in Kingston has much of the best data we need, so it will be more a matter of negotiating with them than having to make all the measures ourselves

hope all is well with you

bob
