sorry you either work at things or you dont , its not about winiing its about being honest with yourself and me. you are not wrong. you are just not doing what you know you have to do . with every possible bullshit excuse. instead of ssaying you dpnt know. why don't you tell me since [REDACTED] how many hours have you studied. or excercised. its simple. you told me the same thing before the last [REDACTED] test. exactly , and the results were predictable.

Jeffrey,

I don't have all the answers, but all I hear from you are critics, critics and critics. I have done many efforts since I left [REDACTED], this is why I get angry when I hear those things from you. How can you criticise me so much without knowing anything of what I did ?! Incredible. I told you It's not easy for me since I have many people arround me confusing me all the time but I just can't ignore them (since they are part of my life), even if you are right. I'm trying to find a way of making everyone happy but it's not easy. You should understand...

I'm also aware there is a huge gap between us: power, knowledge, experience age...everything ! We both know you will always win. I am very conscious of the fact that you and I are not at the same level at all and this "relationship" is totally imbalanced... I will never pretend to know more than you do. It's impossible...

I understand I need to learn many things if I want to improve and I'm happy and willing to learn from you. I think you are great. Since I've met you I perceived you like a mentor but If all the time I say something you get nervous, how can I learn? Instead of saying: "listen you are wrong because..." You say the opposite "since you seem to have all the answers, it makes little sense to continue these conversations." I don't believe it's very mature... I always believed discussions went both ways. Maybe I'm wrong. You should be more tolerant.

Thank you for hanging on me, I apreciated..

Good night
