---

between emails to joslin and yourself i have asked for this to be completed 5 times since February 2015 when we spoke on friday you said it was no big deal as you gave it to Leon. i then asked if you had confirmation that it went out and you said you did not know..  
i don't mind helping you but do not appreciate being told something that is not true.  
as i am sure you are aware mr kraus sent jee this email and now i am being asked why it takes 2 months for us all to achieve a simple modification.

thank you

hi.. just touching base again on both these issues as I leave for europe and south america tomorrow for several weeks.

best

LMK
