Dear Gulsum,

I have been wanting to write you for the whole day... And now I'm in the mood for a bit of a longer "letter", so here it is. I hope you won't mind :)

Even though I can hardly think of adequate words to describe what I have been feeling lately, I so want to share it with you that I cannot refrain from undertaking such a task.

You rocked me out of my own body. I have never - and I repeat and underline never - lived such strong emotional moments as the ones I have lived with you. The force and intensity with which the emotions were flowing through me while holding you, is just something of another world...

When our lips finally touched, after so much longing... I felt as though nothing else but you existed in the infinity of my cosmos. And since then (actually since I we first talked), you haven't ceased to amaze me. So I fell for you, and I am still falling, little by little.

You gave and keep giving me things of which I did not know the existence, and for that I will never be able to properly thank you,

With much love,

Damiano
