Hey Bossman,

I'll purchase some small Bic lighters for all the little tote bags that we put everywhere as well as long plastic/wooden containers to put the light torches and matches on the table.

The Housekeepers said that the matches never last outside because they would get wet or moist so they throw them out, They would normally pick up the Light torches from outside when you leave because the tips inside would get rusted from the salt air or wet and they won't work.

Ramon was changing the Ends and re-wrapping the Bars on both of them. I'll go check the Captains office and bring them up.
