I wanted you to understand the seriousness of your dysfunctional family office. I spent the last week reviewing. It was hammered together in a willy nilly fashion, with people giving no defined roles. people protecting what they see as their turf, errors upon errors upon errors. millions of dollars unaccounted for. 500k again found in a drawer last week. In early sept I notified you that joslin was unable to deal with ada eileen and the do as leon wants as their motto. i again notified you in early oct that i needed to keep him at least until oct 15. . in nov I sent you a emila telling you i thought he could not take more. this week, in the first face to face I had with him since dec he could not respond to simple questions, spoke financial gibberish, had misleading answers. bad answers incorrect statements. As you asked i confronted brad with this, and to my amazement brad said that this is how he found him in early jan and thought it was just his normal. In mid nov you suggested that your choice to run the office was brad. from mid dec he audited until early jan, when he assumed your job that im told is only 75% of his time. HE might be capable of running your office but i have yet to see any indication that that is true. ON thurs I handed the same spread sheet that I had sent to brad, to five financial execs. only to mine with actual numbers, to a person each within minutes said this makes no sense. no sense whatsoever, bad numbers bad categories. bad inputs outputs numbers that dont add. if it was an mri, of joslin i would say serious breakdown. I had him over to explain to my team what had happened, and then sent my cfo to speak to him and others at elysium. ITS a mess and a larger one than I thought. sorry, I have interviewed some cfo.s and have put out more feelers. if you feel comfortable i would ask at apollo.

you have repeatedly pointed out that you paid a great deal of money. I have spent the majority of the last year restructuring your things. I have lost money friends and clients doing so. I take our friendship seriously and feel no regret as I made a bad deal but lived up to it. and more much more

that being said, you will need to bring in a few people to start from the top down. apollo review, coordination, bill pay, book keeping, legal reporting, filings, sec gaming foreign, pfic fbar gift gtax use tax, corporate admin, llc etc. investments art. household personal. taxes. gifts, trusts children, checks and balances. banking doc review, tra review, brh review. jpm goldman, db bam, check writing, foundation decision art consultants. boat plane. construction. travel. insurance, IT,. staff mgmt. we will have to deal with tom ada, eileen, now joslin,
