Jeffrey,

The situation I made by carrying unidentified pills with myself on Sunday is totally inappropriate. I never intended to put you into the dangerous situation. I can only imagine the hurt I caused by this action.

I couldn't answer at once what kind of pills I had ,because I was so emotionally overwhelmed and began to panic .

I enclose the video which proves that it were vitamins/supplements. Hyaluronic acid container mostly consisted of green pills - spirulina based supplement , several brown capsules of "hair skin and nails" and 2-3 capsules of hyaluronic acid itself (any hyaluronic acid pill company produces it in white color).

As I born and raised in medical family it is common for me to use supplements to maintain my health and woman's beauty, I never had idea that mix of the pills could be understood in the wrong way.

I am truly sorry for what I have done.
