Subject: FW: STC capital requirement of 400K - deadline Feb
Date: Tue, 27 Jan 2015 17:11:48 +0000
Attachments: 20150127123751505.pdf

Jeffrey

Below is a summary of STC’s capital expense to date . Balance spent is \$381,524

We are proposing a purchase of the server and Rich mentioned you were interested in purchasing a printer.

Attached server quotes are still be vetting for price (with Liston) and spec requirements(with Ben Goertzel) for the revised quotes that we receive based on an increase in memory as preferred by Amen Beleyneh. So the amount included below is an approximate based on the estimates.

Please advise if it is ok to proceed with purchasing server and Epson printer to meet our capital expenditure requirements? If printer is acceptable please advise on the model 7900 or 9900.

	<u>Purchased</u>	<u>Proposed</u>	<u>Proposed</u>	<u>Total</u>
<u>Capitalized Assets</u>	<i>From inception to date</i>	<i>Lenovo Server system</i>	<i>Epson Stylus Pro 7900 Printer</i>	<i>Total</i>
Furniture and equipment	15,592	18,500	4,635	38,727
Vehicle	77,412			77,412
ISP equipment	288,520			288,520
Total	381,524	18,500	4,635	404,659

Required capital investment by **February 1 ,2015** \$ 400,000

Epson Printer: We received a quote for both a Pro 7900 (\$4635)and Pro 9900(\$6950)
 Either printer purchase will allow STC to meet the 400K requirement. (quotes are attached)
<http://www.epson.com/cgi-bin/Store/jsp/Pro/SeriesStylusPro79009900/FandB.do>

Lenovo Sever : Preliminary server specs have been approved by Ben Goertzel and his IT team Amen Belayneh (email attached)
 With the note that increasing the Memory to 64GB would be preferable. We have received an update quote and are in the process of vetting price with Liston and memory specs changes with Goertzel. Quotes are attached.
 Above amount is an approximate based on the current quoted proposals

TV: Local distributor has advised the new 77" OLED/4K 2015 is not available at this time, that there is No documentation or pricing available also as this TV was introduce just a few weeks ago at CES, typically it's about 90days or so after that introduction that a product is available for sale.
 77" **LG77EC9800** 2014 is still available to you in curve type at \$29,999.00 + Freight, Insurance ,etc.
