Hi all,

I'm already having a hard time dealing with the transition and It's very uncomfortable because everyone knows that I give LSJ/GSJ 100% no matter what. I'm now terrified of using my Credit Cards and doing anything for my house & my girls even though [REDACTED] said it's ok.

It's very hard for me not to feel some type of way about these re-occurring situations without facts. The lack of communication between everyone is out of control especially when I'm speaking to everyone as much as I do.

I feel like I'm in a game and it's very uncomfortable. If anyone would like for me to do a different job for whatever reason. I don't have a problem with that. I just need to know what you you guys would like for me to do? I would like to do my job to the best of my ability like everyone else.

I'm not sure what's needed of me anymore because everything seems to be an issue. Can you guys please send me a list of things you would like for me to do or a list of things I should be doing going forward?

I'll be at the office Monday-Friday and Saturday or Sunday if [REDACTED] in residence.

Thank you,
Ann R.
