sorry sorry I expect this natural disaster of a media shit storm will last the month. like a hurricane or tsunami, little can be done to effect it. if you stand up now , it is not without risks, the press only wants to complete its version of a salacious story , not hear the truth, so any denials will be met with a stronger wind of allegations . Unfortrtunatley I think after its over this time , and it will be,= again, we will need to assess damage and begin a strategy to rectify, modify, but it will not be the same. you are physically fine, as am I . I however recogninze that that is little comfort at the moment. After you talk to matt , I think he will agree. the press is looking for any embers so as to be able to keep the fire alive. relatives. neighbors. school chums its disgraceful, but letting the storm in , by opening the door even a crack, has i think more risks at least at the moment then benefits.
