Subject: dinner and update on India Travel Fund.

Dear Larry,

It was pleasure having dinner as usual and here is the update you requested on the travel fund. The travel fund supported by Jeffrey Epstein around 2003 supported extraordinary scientists at the prestigious Tata Institute for Fundamental Research in Mumbai:

Sandip Trivedi
Ashoke Sen
Gautam Mandal
Spenta Wadia
Shiraz Minwalla
Sunil Mukhi
Atish Dabohkar

Since the fund allocations these scientists have all been extraordinarily productive in quantum gravity, string theory, field theory and black holes.

Four of them (Trivedi Minwalla Wadia and Sen) were honored by the World Academy of Science Prize, Sen also won the 3 million Breakthrough in Fundamental Physics Prize and the Dirac Medal. Minwalla won the Infosys Prize and the Physics Frontier Breakthrough prize, several hundred K each.

Trivedi was appointed by Modi to be director of TIFR and Wadia of ICTS Bangalore. Reviewing their actual physics would be a long essay. It is an impressive group.

Greetings from Jacobs new residence on Madison Park. See you again at dinner soon and thank Jeffrey again if you see him.

Best, Andy
