Hay. Here is situation! If you agree, i can go tomorow at 12 o'clock to Pula where the boat is , in Army port. I will reach Pula by 15 o'clock. They will show me boat, i will take photos and send you immediately, of all parts that you want. We agreed of the test drive as well. Sun goes down at 17 o'clock, so we have about 2 hours for all that. Than you will have to make final decision. Because they have Army buyers from Greece on Monday. They do not want this people to travel if we take boat, so they want to cancel them on time. If we do not decide to buy tomorow, Greek buyer will most probably take boat, because they have done deals with them before. Only because of the man who Sent me, they are treated me on this way.

For the Cabin, thay say ok- first we buy boat, than they will make new Cabin specialy for this boat, and we will have to pay for that extra. At this point i did not ask how much, because it will depend on the Cabin size and other things. They can not use Cabin developed for the other model because it does not fit. But are willing to deal with this.

So, now it is time for you to say. Do you have answers that you need? Should I traveel tomorow ? or should we wait to see what will happen with Greek guys ?

Best regards

still no real photos? how far do the drives stick out, condition of tubes. etc. with no photos. we should pass. as the boat is a tester for them , therefore run hard.
