To be honest I am very confused by the statement you have sent me.

I need to have more understanding about it.

A lot of the items are not mine but are my work. Furniture for the apartments, not even my apartment, flowers for 71st street. Why is this all being added up with my salary and my rent? Are things that I have put on my credit card for apartments and 71st street added to a grand total that I have spent on personal things for the year?

There are apartment rugs under net a porter which is a clothing store and looks like I have bought clothing for this amount.

Food for all the girls under only my name.

Nails? - I have never put a manicure on JE's account, it must be for one of the girls.

The Ralph Lauren amounts need to be worked out because most of this was either paid back in cash or taken back. (I do see that there are some credits from it)

Rushmeyers birthday dinner for [REDACTED]? This was not a birthday dinner for me! this is 1/3 [REDACTED] and [REDACTED] and [REDACTED],

All of the montauk hotel on my name? And no mention of [REDACTED] and [REDACTED]? Why are these items not divided?

This was asked for of Jeffrey by [REDACTED] and [REDACTED]. I would never have asked and although I was very fortunate to be included and it is 1/3rd my expense why is it not divided?

I will go through the statements for all this time myself and take account for it more accurately. Please let me know when this is needed by because although you think it takes an hour, it will take me far more time. The application that you feel 'can wait' is for Parsons Design School where applications have already closed. It is very important for my future here so it would be helpful to me, and greatly appreciated, if you could simply let me know whether you need this before monday.

Thank you
