I spoke with the paint shop manager at Gulfstream, he recommended a protective wax applied to the new paint, the new paint has a lot of static Eletric which attracts dust when sitting, I noticed this tonight when i stopped by the plane at midnight, it was parked outside,.

New product called Permagard is \$23,000 w/ annual upkeep of \$11,500.

The other is TEFLON for \$7,875.00

I think the Teflon application might be worth it,.

Do you approve the Teflon, or Pass?

Thx,

Larry

Teflon: 7875.00

Permagard: 23,000.00

Permagard yearly update to maintain the warranty is 11,500.00
