I obviously suck at this (actually I have a signed agreement with Elon but at the last minute before funding he wanted to see if he could buy it or if we could bring in others).

I signed a binding term sheet with another company that wants to lead. Hopefully they close by October 31 and we will wrap up the whole thing.

He has not decided he is not funding. He has said he would invest or buy it. I have several other lead investors, so there will be a few.
