thanks, I believe I had said that as long as you worked for me , you would never have to worry about anything, and if something happned to me , you would be taken care of , including the apt. In addition i transfered money to you so you would feel secure. I want everything for you to be the best it can be. You have received a salary though you have not worked. I think that at some point needs to come to an end. I can pay money to you as a design firm, I am very very concerned. your paranoia, , laaack of progress for yourself, on mnay fronts. IF you want to see a professional , I will of course pay,

payroll? Not sure what the question is

health, You asked me earlier about structure; [REDACTED] and I are on the same plan through [REDACTED] [REDACTED]. There has to be 2 employees on this plan in order for [REDACTED] to get insurance with [REDACTED] [REDACTED]. I can't go under [REDACTED] until we are married.

apt.? You always told me that the apt would be put in my name, so I didn't think I would need to worry about moving right away. Based on this I always considered the apartment an investment, maybe even something I could rent out when I moved. Just let me know what you have decided and I will be happy to plan accordingly. I may even want to look into buying it as I think it would make a good rental/investment property considering it's newly renovated and right by the new upcoming subway line.

save the dates? They should go out this week

outstaniding things to buy or do? when you see the new rug in the pool cabana, you need to decide what color couch you want; white, black, color? Working on order for more of your white bath towels to use for pool towels.. they are from a company in England
