Absolutely!!!!

I was very surprised when I entered the plane because it was not as nice as yours and much smaller. But I thought that it was another plane you owned. It's only yesterday that he told me that he didn't do any business with your company.

Also my uncle and his wife were very upset and complaining because we had a 16hr flight (we stopped in Spain for 3 hrs for crew change and something else). As soon as we landed he called David to complain.

I guess some people are very insecure. He wanted to talk to you so he would introduce you but when exchanging he thought you could "steal" his friend I guess.

as David was involved in the chartering of the aircraft, and then decided to charter a plane other than mine, after he found out I knew you, I can guess,
