Subject: MRA - Here Comes the Sun
Date: Wed, 18 May 2011 18:21:21 +0000

I hope you are enjoying the spring. As you may already know, May is national Melanoma Awareness Month. The Melanoma Research Alliance (MRA) welcomes the opportunity to raise even more awareness about this deadly disease, especially through the extraordinary partnerships and collaborations the organization has developed. This summer, you have a chance to pamper yourself, support an MRA corporate ally, and benefit MRA all at the same time. If you have a chance to plan a long weekend getaway or even a weeklong vacation this May or June, consider staying with Montage Hotels & Resorts, located in Beverly Hills, Deer Valley, or Laguna Beach.

During the next two months, all three Montage locations are offering two specials that will benefit MRA. When you book their Bed & Breakfast special, mention "MRA," and they will donate 10 percent of the room rate to MRA. Montage will also offer a *Here Comes the Sun* spa package, including a facial geared toward prepping your skin for summer. The package is priced at 20 percent off, and an additional 10 percent of the proceeds will be donated to MRA.

During this busy season, remember to take care of yourself and your skin. I look forward to seeing all of you soon.

Fondly,

Debra
