are you suggesting something?

Yes, that's palm beach.

I am not suggesting you tell them to think differently only that you not change your mind and pretend you never told both me and [REDACTED] that I should be the one to get your new mattress after she already looked for one.

That is unless the truth is you really didn't say that to [REDACTED].

bedding is the comforter sheets.. it touches me.. [REDACTED] bed you sheets its easy .. you list and the professional way it was done will go further to change your reputation than me saying they should think differently about you.

So why did you then tell me & [REDACTED] I should pick the mattress and bedding instead of her ? Changing your decision now will again only encourage them in their position against me. You have control over how they look at me and then you are surprised by [REDACTED] reactions..
