you are being silly , you are , capable of putting together a lunch that however, due to all the many things you have to do you forgot about , you have no experience with construction , so take initiative in things where you can execute well and stop being a brat, it is debilitating. i understand i unintentionally insulted you, could have said,, Hey when was the last time you saw your toes? , but that wouldn't have been funny,, i could have said , if you don't do it i will ,,,,,. I said i still love you, i don't understand why you choose not to do what i ask , exercise, your reasoning is goofy.. you are just lazy .. ok ,, i get it , stubborn and lazy,, so am i .
