i think any mention of the word civil should be left out. what the palintiffs have done is immaterial.. the criminal dicsussion should be pure,, what did both you and i intend this is what we certainly thought the agreement was. We would like to avoid and shortcut the inevitable which is a court or other third party trying to decipher our intentions. and we find it hard to bleive that we all will not become witnesses. some of our obligations( no mention of the other side) needs to be clarified.
