she went to the ██████. i just got off the phone with them and classes start today but they said it shouldn't be a problem since I had submitted an application for a previous semester. after i register for my classes they would give me an invoice for the semester and the entire certification course is just under \$25,000 plus books

this is their main site and also their page of tuition and fees:

if it is possible to help I would be forever ever ever grateful, and if not I completely understand. I already have a lot to repay you for and look forward to doing so when you get back.
