Denise, Geoffrey and any attorney,
I would like to sit and review the video of said incident .
I would like to see the report about the complaint. After review of the video it clearly points out that FD agent Nour initiates the event.
FD agent Nour called me back to further our conversation and made the " monkey " noises first, then I responded back to her in the same manner, As seen on video.
Is this some sort of retaliation from the hotel on the FB team ? I am extremely upset that my name and reputation is being slandered amongst the staff.

I would like to add that you can hear the following noises in these back rooms all the way to 104 which is down the corridor
Walkie Talkies
Phones Ringing
Accounting Office chatter etc.

Who is in charge of investigating these allegations??? When can we see a full report ?

A. To correct your email attached (email A - from Randy, inclusive):

1. Rooms 101 and 102 where NOT occupied at the time of the incident/
2. No one made bird like noises
3. No one was singing

B. Email B (Attached): email from Chef Michael Vignola sent to Denise explaining what happened

C. Email C (attached, from Alan Hocchauser): Video review of what actually happened

1. My question since its apparent in the video that the FD agent also made the gesture - twice. I would like to see Nours email of a complaint as it seems Nour is as engaged as Michael was. Is this complaint a malicious lie? Or did someone instruct Nour to make this complaint?
2. I would like the hotel to do further investigation regarding this. I am surprised no one even bothered to review the video to see what actually happened before having a lawyer send a non-factual email.

D. Email D (attached): An email from me the next day asking if there was any complaints regarding rooms 101 & 102. Why wouldn't hotel management say something right then
