re-do it.. it lets everything hang out. no suspense already as everyone knows the ending. suggest new info, the story behind the story, the real story- the FULL story, it appears as the same person as lifeline dubbed the trailer, take out the line i want to be free,, just ask the question let people want to come to the theatre to see the answer. what do you want.. pan to her when she's answering and make it look interesting, spooky, concerning, NOT as predicted
