it is exactly the opposite,, you are a fighter, the economic time has hit everyone,,no one as in a tsunami is untouched.., in fact, it will be more difficult to explain how you kept out of the fray. you musn't allow old thinking to stop your growth.. there is reality,, you cannot fight your way to success without having some relief.. you will get sick , and then we are all f.....ed. the airlines , do it. the biggest of the big do it. It will be a plus rather than aminus if handled right,, i give you my best advice,, i am not yet certain , but i am leaning that way..

By the way, I know your monday morning feeling is BANKRUPTCY.

Well, my friend, in my heart I don't really think I can, as it has no benefit for my fighter spirit and my image worldwide as a success story that has fought her way out of peril, will be blown.

Bankruptcy is not an option.
