Hi

So these are the images I was emailing about yesterday: Greece.....strong robust construction...setting the dwellings so that outdoor space was protected from the wind similar to the first image with huge interior volumes that are similar in feel to second image with respect to stucco and wood details. These images are not to be taken literally...I know this is not your style or vision.Parttiere is a good place to start but can get very

rigid and the Caribbean flora does not lend itself to this...look at Jacques Wirtz's gardens...partiere to the next level.

Looking for Lokita sites today as well as Merchant sites.

thanks
