yesterday was emblematic of what appears to be an impossible situation. I told you i had a guest coming that i had looked forward to meeting for years. I told you the time he was to come.. You refused to tell me if you had confirmed your flying, and if so the time you were to fly and or return,, though i have asked repeatedly not to be served restaurant food , you asked me only about menus for lunch. You left without asking or even saying goodbye, You had a great classic, a great flying day with my great pilot that i arranged for. you, I introduced you to him, in a way that you asked . you refused to tell me when you were to return, you didnt ask if you could help serve lunch. , could you cook anything(soup) for lunch, could you help with my guest, you focused on [REDACTED], [REDACTED], [REDACTED], you came home and made a fuss calling her a funcking cunt, stamoning aorund the house, all you did was give me a hard time ,I suggested you ask her or me any questions that was on your mind, your refused, sayign we both would lie, i had to ask for a bath 5 times, you sat in the chair and refused to share a bath. then you tell me [REDACTED] could see it right away, I did not attack you for something [REDACTED] could see. but when [REDACTED] makes the same comment about your behavior , you view it soley as my doing. you have only been here only three days . you have broken your promise every day exvcept my birthday , which i did have a great day. thank you. I did not lose my temper, I did not sleep/ this is very, very unfair. You focus on not wanting a record without proposing an alternative solution. it is sad/ i will send [REDACTED] home , i had intended her staying until wed. as i told you last night , soley in response to your actions i already canceled [REDACTED]. I am very unhappy with this situation. I tried. i really tried.
