you are right... I've tried to take the easy way because I saw all my friends out of this industry struggling with their jobs, not being happy, not being able to enjoy life, just being stressed of money and work. I didn't want to take that path yet, I felt that I can still enjoy the freedom that I have by doing this job. But I'm not earning so much that I can be happy about it. I always earn the money that I can pay for rent and food, but not more that I can afford to do more, or to buy things I want and I need. Now I want more and need more than before. I'm not a teenager that could live just with fun anymore. For the past days I wasn't able to sleep because all of the crazy thoughts and dreams I had. And I see people around me doing nothing and are so happy about it. Is it that bad to think instead of smile? or smile because u think!? What can I do? I want you to trust me...

yes! This is what I want. I want to move to London and try to get a real job. U said u might be able to help me in a way. U were saying something about refrigerated food industry. I want to try anything, I'm not afraid of trying and of change.

I wanted to come here for my ego, and for the hot wether. I like it here, I'm not so stressed as I was in NY. I know is really difficult to get a good job, and I need your help for that. In a month I want to go back to London and try to do something.

i did not want you to be here. i wanted you to work in a real business, not modeling. I wanted you to realize your potential, I wanted you to grow up, and not have to worry about the next dollar/ YOu told me that you decided to try to help your boyfriend and that was your first concern,, I understand. you wanted to try modeling again for the tenth time, though each time it has the same result.

u're right! I appreciate your advice and I have it in my mind over and over. There are some thing that I can't do because I'm weak.

where can I start from?

U wanted me to be here...but I might have been able to do more from far away than from here. I feel I have my hands locked in a way. I'm doing modeling, I'm meeting people but can't take advantage of all

the possibilities that are next to me.
where can I start from?
I'm becoming more and more aware that I'll struggle a lot :(

I didn't do it on my own. I did all my best, I'm patient but probably is not the time for that, to sit and wait for results.

that s because you were too busy for the first three weeks , and had decided that you wanted to do it on your own i understand
