Richard as soon as I get stuff from Ryan, it will take me about a week to get everything in order and then it will go in. Which will be concurrent with the modification of the WAPA permit.

I don't know how long it will take Jonathon to lift the non-compliance, but they will allow our cable permit to go forward once we submit our responses. The dock permits will resume once the non-compliance is issued.

Greetings Ms. Dempsey,

Following up on the recent survey for LSJE, I spoke with David from Ryan Wisehart's office this morning.

David says the office work on the survey is near to completion. I will follow up with him on Monday, 7/2 if I do not get a call tomorrow that it is ready.

Ryan is on vacation, back in the office on Monday 7/2.

Kind regards, Daphne

Had to ask Brice to bring down roadway by the side of the pond. A soon as I get the survey from Ryan which I should get this week, adn Brice gets that roadway brought down so pond can get storm wash over and we can get pictures we'll be able to get everything in to resolve issue. Since we are in the process of doing this they are letting me keep your cable in WAPA application.

Who do you want to sign the application to approve LSJ dock as it is?
