I think we should speak about this book.. I have finished my first read. (yes ,that fast , thats what i do).. I find it troubling. I think it will drive a commercial stake through your heart. The deals you want to be involved in , require, discretion. trust. handshakes. privacy. This book announces that you are willing to sell all of these for a farthing. Your friend , and boss, tony is more often described as frail, flustered, tired, weak, and gordon, flawed, demanding, pig-headed, irrationally determined , and you, yourself as - wanting to "come clean". humiliated , distraught , surprised, pleased. thoughtful, aggressive, hurt, .. My view is that businessmen will revolt, .If you decide to move forward , ask Harris to help give a pace and story line. It is not uplifting, it is gossipy and defensive.
