Dear Jeffrey,

I remember as it was yesterday the first time I've met you. You didn't care so much of me back then, and probably I didn't let you the best first impression. But I surprised you when I came back the second day. You couldn't understand why, at least that was what you told me, but I'm sure that you knew very well. You always knew what's on my mind and in my soul. I've trusted you, even though everything arround me said I shouldn't. And I made the best decision with that because you have always been honest with me, you have always helped me when I was in need, and you gave me the best advices that I've ever received. I have to say that I'm sorry that I didn't listen to you earlyer, and I was stubborn in my own stupidity. And I know that you understood me, and waited because you trusted me as well, and you saw that I've never lyed to you about anything and tryed my best of standing up to your expectations.

Sometimes I wonder why me? But then I stop thinking and just appreciate the fact that you care. It means a lot to me!

And I care about you, and sometimes I just think about all the days that we spent together... And the way you changed me since I first met you... I miss you... And I can't wait to visit you in Paris! :)
