---

here is more specs on serial # 502, I spoke to Jack Pruitt the broker on 502,

Jack told me that 19M would purchase this GV,,, the current owners just took delivery of a G550, so they are motivated to move this, I have requested more photos for your review,.

Jack may be interested in taking the GIB in on trade, I am sending him specs and photos of our GIB for possible trade if you are interested, not sure how low the number will be, but pretty confident, it will not be good.

thanks

Larry
