Eric wants you to select fabric and design, plus angle for seat back cushion on Divan's,,
Eric informs he has 2 G550's in his hanger he would like to show you,,
JFK is forecasting better weather than Islip,,
At 5am islip is forecasting 800' ceiling with 1 mile vis,,
JFK is forecasting at 9am 15,000 broken wind 320 degrees at 12kts gusting 20kts

I could only assume, weather might clear out in the morning at Islip, if you wanted to visit Eric in the morning?

I'll know more at 6pm when the new forecast comes available,,,

From Eric;

Larry,

Yes - we have both G550's here for him to see.

Although very similar in shape, he can see both arm rests - one with material on the vertical surfaces, one with wide arm rests.

Yes, your two (2) chairs have been sitting outside my office.

We need to have him select fabric and final review of divan back cushion angle.

Do you have a small sample of the new wood that Gulfstream used?

What time do you expect to be here tomorrow morning?

Best Regards,

Eric

Thx

Larry
