A lot is happening.

When we talked about your list I said all the construction items needed to be subject to construction scheduling. I and the entire const. staff are working this sat.and sun. getting the tiki hut decked and the top of the hill cleaned up and items that conflict with our focusing on the master/kitchen/main compound.

Emad asserts to my supers that your list has priority.I need your direction on the things on the list that take priority over what I schedule.

ie;pop's garden-we cannot level til the block retaining wall gets finished and to level we need to not have the stone wall there.(all the grading equipment is scheduled on the back of the livingroom)

lets talk this weekend
